HOW TO BUILD PARTNERSHIPS TO ELIMINATE CHILD MARRIAGE

We should empower girls and give them the opportunity to learn to build skills and knowledge, understand and exercise their rights. Support young children to speak out for child brides, teach them about how child bride affects the world, their country and their hometown. Educate parents and adults about child bride because not only children should be educated about child bride, adults should also be educated too. Parents should realize that child bride is not a good thing to do.
